

# KHD HEAVY DUTY RANGE

## INDUSTRIAL - KHD RANGE - HEAVY DUTY MOBILE STEPS

When we say Heavy Duty, we mean Heavy Duty! Whilst most other Heavy Duty products on the market only hold between 120 - 150kg, we've gone all out again to bring you a product which has a **SWL of 500kg!**

### KHD Heavy Duty Mobile Step

Here's our newest addition to the Industrial range! The Heavy Duty step has some great features to make it robust and ready to handle anything... Well almost anything!

It is fully welded from heavy duty tube / box section! It comes with large treads, 700mm wide, toe plate on all 3 sides of the platform and heavy duty steel wheels and castors to take the additional weight.

Platform Height (mm)	750mm - 3750mm High
Tread Width (mm)	700mm Wide x 200mm Deep
Platform Size (mm)	700mm Wide x 600mm Deep
SWL (Kg)	500
Braking System	5 - 15 Tread : Central Lever Brake

### Dimensions & Information

**Working Height** - This is shown as a general guide between waist height and just above the shoulders of the average person, approximately 750mm range.

**Overall Width** - The main framework of the step is 750mm wide; the overall width shown is taken at the widest point, the axle, at the rear of the step.

**Platform Size** - As standard this consists of three treads giving a total working area of 700mm x 600mm deep. This can be extended (View Options & Extras).

**Kick Plate** - All steps have kick plate to all three sides of platform.

**Packing Information** - When your step arrives with you, it will be fully assembled. It will have a small amount of foam protection on the top pulpit rail.
