PLATE MATE PRE PLATED MEAL TROLLEY

MAKING BETTER USE OF SPACE

PLATE MATE PRE PLATED MEAL TROLLEY

Plate Mate is designed to create extra space in the smallest kitchen. Pre prepared cold starters and desserts can be stored in a refrigerated cabinet or cold room or taken directly to the dining area.

These award winning trolleys, made from stainless steel with plastic and aluminum centre columns, can store a wide variety of plate sizes and shapes and even bowls up to 50mm deep in complete safety.

FLEXIBLE

Each side can be individually adjusted to take a wide variety of plate sizes.

SAFE

Plates or bowls are securely held with this unique patented grip.

PRACTICAL

Plate Mate allows 75mm clearance between plates.

STANDARD UNIT - MODEL PM84STD

84 plate carrying capacity.
Overall size:
600 x 600 x 1850mm high.
Stainless Steel frame and base, fitted with 4 x 125mm composite swivel castors, 2 braked.

OPTIONAL TRAY SUPPORT:
Enables you to convert the PM84STD into a tray transporter carrying up to 20 large trays.
Minimum tray size 55cm

COLLAPSIBLE MODELS

These uniquely designed units take up less space when not in use and are easier to transport from site to site.
