Sump Construction:

- Material: 1.2mm Mild Steel
- Fully welded seams
- Sump Integral

Cupboard Door Construction:

Material: 0.9mm Mild Steel. A stiffener is spot welded vertically in the centre of the door with two 2.½" butt hinges spot welded to the door. The door is attached to the carcase via the hinges, with 4.8mm pop rivets. The door has two-point locking with an all metal key locking handle.

Paint Finish:

- Three stage pre-treatment and phosphate coating
- Carcass and doors powder coated with one coat Epoxy Polyester Full gloss powder, stoved at 180 deg. C. including Germ Guard antibacterial compound
- Carcass powder coated with a special paint – **White BS 00.E.55**

Carcass & Door colour:

White	BS 00.E.55

Equipment Cleaning & Maintenance instructions:

- Clean paint work periodically with warm soapy water
- Oil hinges and lock sparingly as required with a light oil (3in1 or similar)
