# KINETIC MOBILE SHELVING SYSTEM

This Medium Duty Mobile Shelving System from Probe offers the highest quality track, mechanism and base. Design to perfectly accommodate Probe's Ikon shelving system and create up to 100% more storage space in your existing archive area.

**DECOR END PANELS**  
New comprehensive range

**HAND WHEELS**  
New hand wheel with warning light that illuminates during operation

**END STOPS**  
New Concealed Stops; nothing protruding above floor level

**LOW PROFILE BASE**  
The low profile and modular mobile base system can be reduced in length, extended and easily relocated

**LOW PROFILE ADJUSTABLE TRACKS**  
The new 38mm high Kinetic tracking inherits the successful levelling from the previous Mobilis system

**NO FLOOR FIXINGS**  
the modular system easy to relocate and/or extend if required

**RAMP**  
Attractive aluminium ramp up to low profile flooring

**NEW DRIVE MECHANISM**  
New gear configuration to cater for heavier loads on longer units

**NON-SLIP FLOORING**  
A true non-slip 18mm flooring grade chipboard in modules to suit bay depths

# NEW TRACK & HEAVY DUTY CARRIAGE

kinetic MOBILE SHELVING

**TRACK SPECIFICATION**  
Tracks in 1500mm and 2000mm modules enabling any track to be sized to the nearest 500mm minimising waste. A 30 x 30 x 3mm inwardly lipped C-Section high tensile running track is set in the outer track which houses the jacking mechanism and supports the boards.

**FLOOR SPECIFICATION**  
Floor panels are now in modular sections and are true non-slip and are wear resistant according to the EN13329 and slip resistance is according to the DIN51130.

**DRIVE SPECIFICATION**  
We offer various gear ratios to suit all needs, not only to control hand wheel effort but also acceleration. As a guide, using our standard 3:1 mechanical advantage, we would expect a 1000kg load to be require 0.30kg hand wheel effort.
